- Developed and enhanced core components of PlotDot.
  - Improved the application's performance, appearance, and usability.
  - Improved the application's performance, appearance, and usability.
  - Contributed to significant user interface improvements.
  - Received a commendation for outstanding skills and dedication from Matt Sanders, President of Thinkable, upon completion of the internship.

## Skills & Tools

- Languages**
- HTML    CSS/SCSS    TypeScript    JavaScript
- C/C++
- Technologies**
- UI related
- Tailwind CSS    Material UI    Daisy UI    Aceternity UI
- FE related
- React    React Native    Next.js    Angular
- BE related
- Express    MongoDB    Nest.js    GraphQL
- Tools & Softwares**
- Coder related
- VS Code    Node.js    Git
- Designer related
- Figma

## Projects

- HyperTube** <https://github.com/mhaddaoui/hypertube>
- Next.js    Tailwind CSS    Typescript
- This project involves designing and developing the frontend of a movie streaming web platform. It focuses on creating a user-friendly interface, with dynamic animations and responsive layouts, while collaborating with a backend developer working on the server-side with Rust.
- FT\_Transcendence** [https://github.com/mhaddaoui/ft\\_transcendence](https://github.com/mhaddaoui/ft_transcendence)
- Nest.js    Next.js    Socket.io    Tailwind CSS    Typescript    PostgreSQL
- This project consists of creating a website for the mighty Pong contest including the user accounts, chatting in channels and playing the game pong features.
- INCEPTION** <https://github.com/mhaddaoui/inception-42>
- Docker
- This project aims to broaden our knowledge of system administration by utilizing Docker. I virtualize several Docker images, creating them on our new personal virtual machine.
- FT\_IRC** [https://github.com/mhaddaoui/ft\\_irc-](https://github.com/mhaddaoui/ft_irc-)
- C++
- Contributed to the development of an IRC server project, implementing server functionality, handling user connections, and ensuring seamless communication within the IRC network using C++.

## Certificate

- REACT    Python    FRONT-END DEVELOPEMNT HTML-CSS    PROBLEM SOLVING
- INTRODUCTION TO JAVASCRIPT    INTRODUCTION TO CYBERSECURITY
